PERSONAL STATEMENT

I am a motivated and detail-oriented person who has a passion for contributing to the manufacture of high-quality food products while ensuring a safe and efficient work environment

TECHNICAL SKILLS

- Experience in chemical testing, microbial analysis and adulteration test of milk and dairy products.
- Hands-on experience with various milk processing techniques like pasteurization, homogenization, and fermentation processes.
- Training on food safety standards having the knowledge of HACCP principles, GMPs, ISO 22000:2018.
- Experience in proximate analysis of meat and meat products.
- Good computer knowledge of Microsoft office.

PERSONAL SKILLS

Teamwork

- Strong collaboration skills, ensuring smooth operations in a team-based production environment.

Communication

- Actively participated in cross-departmental meetings to introduce workflow improvements, such as faster raw material handling processes, which increased overall production efficiency.
